**f. APPROVED SCHOOL MISSION (Regents, NYCDOE, and Buffalo BOE authorized schools only)**

**MISSION STATEMENT**

Bronx Community Charter School is a small learning community founded on the principle that children learn best when they are active participants in their own learning. Our students raise questions about the world around them, engage with a wide range of materials, and learn through their interactions with each other and all of the adults in the school community. Children learn to use their minds well, cultivating strong intellectual habits and skills to become self-directed learners with clear passions and ambitions. Teachers know children deeply and develop powerful curriculum to meet the needs and interests of their students. All members of our school community are committed to making thoughtful choices, advancing democratic values, and effecting change in the broader community.

**g. KEY DESIGN ELEMENTS (Regents, NYCDOE, and Buffalo BOE authorized schools only)**

**KEY DESIGN ELEMENTS** (Briefly describe each Key Design Elements (KDE) as presented in the schools approved charter. KDEs are those general aspects of the school that are innovative or unique to the school's mission and goals, are core to the school's overall design, and are critical to its success.

KDE 1	<p>Student-centered differentiated learning: Each classroom has 2 teachers and 26 students. Teachers do 1:1 assessments to understand students' strengths and needs. Instruction is designed to meet those strengths and needs. Using the workshop model, there is substantial space for teachers to confer with individual students or to pull small groups for targeted instruction. In each classroom students work in small groups on a specific learning goal.</p>
KDE 2	<p>Student-driven inquiry learning: Units of study are designed to respond to the questions students raise. For example, in 4th grade, students visited the African Burial Ground as a part of their Colonial Study and learned about the difference between the words slave and enslaved Africans. This led them to revisit the books they read in their classroom to investigate how authors use word choice to convey power and bias.</p>
KDE 3	<p>Project-based learning: Project Based Learning is a teaching method in which students gain knowledge and skills by working for an extended period of time to investigate and respond to an engaging and complex question, problem, or challenge. For example, as part of their ancient Egypt study, 6th graders designed simple machines to simulate the physics of how the pyramids were built.</p>
KDE 4	<p>Authentic/ real world learning: Through trips, interviews, and data gathering, students at BxC deepen the ways they know about the world around them. For example, a 3rd grade Lenape study launches with a trip to Waterloo Village in New Jersey, a recreated Lenape Village, repeated trips to the Bronx River Forest where they imagine meeting their needs with natural resources, and a visit from the MCNY who bring actual Lenape artifacts for them to explore.</p>

KDE 5	Family Engagement: Families are important partners in our work. Families receive 3 narrative reports on their child's progress each year and EVERY family comes in for at least 2 30 minute conferences with their child's teacher. The first Friday of every month, classrooms are open for families. Our Director of Family support facilitates monthly community council meetings with a focus on building community and parent-development through topics like social media, special education, and nutrition.
KDE 6	Staff-driven initiatives: BxC is filled with motivated experts and we seek to create ways to learn from each other. Through the committee structures outlined in our UFT contract, staff members lead cross grade professional inquiry on topics such as dyslexia, co-teaching, and differentiation. Staff also participate in the personnel hiring process, curriculum design, and the school leadership committee.
KDE 7	Professional learning that improves practice: Through thorough coaching cycles with our on-staff literacy and math coaches as well as outside experts in fields such as special education and science learning, teachers at BxC are constantly learning and improving their practice. Our coaching focuses heavily on how student responses, student work, and student data informs our instruction. Teachers use protocols for looking at student work and planning next steps. Similar to Japanese lesson study, teachers host labsites for their colleagues.

## **Entry 9 Enrollment & Retention**

**Completed** - Jul 27 2022

**Instructions for submitting Enrollment and Retention Efforts**

**Required of ALL Charter Schools**

Describe the good faith efforts the charter school has made in 2021-2022 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2022-2023.

## **Entry 9 Enrollment and Retention of Special Populations**

## Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Recruitment Efforts in 2021-2022	Describe Recruitment Plans in 2022-2023
Economically Disadvantaged	In 2021-22, we offered online info sessions for families and we provided access to our application on our website. We've consistently had over 85% FRPL	In 2022-23, we hope to return to the practice of offering in-person tours and we will also provide some online info sessions
English Language Learners	Our info sessions and all of our materials are available in both English and Spanish. In 2013-14, BxC implemented a lottery preference for ELLs.	In 2022-23, we will add additional languages as needed and will continue to do targeted outreach to the local Bengali community
Students with Disabilities	We provide extensive information about SPED services provided at BxC and offer to connect with individual families about any questions they might have. We did more extensive outreach to early childhood sped schools and the CSE as we prepare to add a 12:1 class in 2022-23. We are consistently matching D10 percentages for SWD.	We will continue our practice as is.

## Retention Efforts Toward Meeting Targets

	Describe Retention Efforts in 2021-2022	Describe Retention Plans in 2022-2023
Economically Disadvantaged	In 2021-22, we continued to make extensive efforts to reach out to all families to assess their needs and support them in a wide range of ways- from tech support, to food provision, to income tax preparation support, to social services connections.	We will continue with these strong and supportive practices.
English Language Learners	We provide strong instruction for all ELL students, communicate with families in their home languages, and keep them up to date on how students are progressing in the ELL work.	We will continue with these strong and supportive practices.
Students with Disabilities	Each of our classrooms has a teacher dedicated to meeting the special education needs of students. Students also receive all of their related services throughout the week. We are in constant communication with families about how students are progressing in relation to their IEP goals.	In 2022-23, in addition to continuing our best practices, we have hired a consultant to review our SpEd practices and procedures to make them even stronger. We will continue to collaborate with the SpEd collaborative.

## Entry 10 - Teacher and Administrator Attrition

Completed - Jul 27 2022

## Form for "Entry 10 - Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

### **A. TEACH System - Employee Clearance**

Charter schools must ensure that all prospective employees<sup>[1]</sup> receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. **This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers.** After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is not employed by the school.

<sup>[1]</sup> Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. **This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers.** See NYSED memorandum dated October 1, 2019 at [http://www.nysed.gov/common/nysed/files/programs/charter-schools/employee\\_fingerprint\\_toct19.pdf](http://www.nysed.gov/common/nysed/files/programs/charter-schools/employee_fingerprint_toct19.pdf) or visit the NYSED website at: <http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html> for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

## **B. Emergency Conditional Clearances**

### **Emergency Conditional Clearances**

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates automatically once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at [NYSED CSO Employee Clearance and Fingerprint Memo 10-2019](#).

## Entry 13 School Calendar

Completed - Jul 27 2022

Instructions for submitting School Calendar

### **Required of ALL Charter Schools**

If the charter school has a tentative calendar based on available information and guidance at the time, please submit with the August 1, 2022 submission. Charter schools must upload a final school calendar into the portal and may do so at any time but no later than **September 15, 2022**.

School calendars must meet the minimum instructional requirements as required of other public schools "... unless the school's charter requires more instructional time than is required under the regulations."

Board of Regents-authorized charter schools also are required to submit school calendars that clearly indicate the start and end date of the instructional year AND the number of instructional hours and/or instructional days for each month. See an example of a calendar showing the requested information. Schools are encouraged to use a calendar template and ensure there is a monthly tally of instructional days.

**PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.**

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the accompanying financial statements of Bronx Community Charter School (a nonprofit organization), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bronx Community Charter School as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bronx Community Charter School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronx Community Charter School's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bronx Community Charter School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronx Community Charter School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Report on Supplementary Information***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 11, 2022, on our consideration of Bronx Community Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Bronx Community Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bronx Community Charter School's internal control over financial reporting and compliance.

## **Bronx Community Charter School**

### **Notes to Financial Statements June 30, 2022 and 2021**

#### **1. Organization and Tax Status**

Bronx Community Charter School (the "School") is a New York State, not-for-profit educational corporation that was incorporated on January 15, 2008 to operate a charter school pursuant to Article 56 of the Education Law of the State of New York. The School was granted a provisional charter on January 15, 2008 valid for a term of five years and renewable upon expiration by the Board of Regents of the University of the State of New York (the "Board of Regents"). During the year ended June 30, 2020, the Board of Regents extended the School's charter for an additional five-year term expiring on June 30, 2025. The School is a small learning community founded on the principle that children learn best when they are active participants in their own learning. The students raise questions about the world around them, engage with a wide range of materials, and learn through their interactions with each other and all of the adults in the School community. Classes commenced in the Bronx, New York, in August 2008 and the School provided education to approximately 471 students in kindergarten through eighth grade in the 2021-2022 academic year.

The New York City Department of Education provides free lunches directly to the School's students. Such costs are not included in these financial statements. The Office of Pupil Transportation provides free transportation to the majority of the students during the district's school days.

Except for taxes that may be due for unrelated business income, the School is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from state and local income taxes under comparable laws.

#### **2. Summary of Significant Accounting Policies**

##### ***Basis of Presentation and Use of Estimates***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

##### ***Net Asset Presentation***

Resources for various purposes are classified for accounting and reporting purposes into net asset categories established according to nature and purpose as follows:

*Net assets without donor restrictions* - consist of resources available for the general support of the School's operations. Net assets without donor restrictions may be used at the discretion of the School's management and/or the Board of Trustees.

## Bronx Community Charter School

### Notes to Financial Statements June 30, 2022 and 2021

#### 2. Summary of Significant Accounting Policies *(continued)*

##### ***Net Asset Presentation (continued)***

Net assets with donor restrictions – represents amounts restricted by donors for specific activities of the School or to be used at a future date. The School records contributions as net assets with donor restrictions if they are received with donor stipulations that limit their use either through purpose or time restrictions. When a donor restriction expires, that is, when a time restriction ends or a purpose restriction is fulfilled, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. The School had no net assets with donor restrictions as of June 30, 2022 and 2021.

##### ***Restricted Cash***

Under the provisions of its charter, the School established an escrow account to pay for legal and audit expenses that would be associated with a dissolution, should it occur.

The following table provides a reconciliation of cash and restricted cash reported within the statements of financial position to the amounts presented in the statements of cash flows as of June 30:

	2022	2021
Cash	\$ 4,620,768	\$ 5,256,028
Restricted cash	75,455	75,440
	<u>\$ 4,696,223</u>	<u>\$ 5,331,468</u>

##### ***Property and Equipment***

The School follows the practice of capitalizing all expenditures for property and equipment with costs in excess of \$1,000 and a useful life in excess of one year. Leasehold improvements are amortized over the shorter of the term of the lease, inclusive of all renewal periods, which are reasonably assured, or the estimated useful life of the asset. Purchased property and equipment are recorded at cost at the date of acquisition. Costs of maintenance and repairs are expensed as incurred. All property and equipment purchased with government funding is capitalized, unless the government agency retains legal title to such assets, in which case it is expensed as incurred.

Depreciation and amortization is recognized on the straight-line method over the estimated useful lives of such assets as follows:

Computers and other equipment	3 years
Furniture and fixtures	7 years

Property and equipment are reviewed for impairment if the use of the asset significantly changes or another indicator of possible impairment is identified. If the carrying amount for the asset is not recoverable, the asset is written down to its fair value. There were no asset impairments for the years ended June 30, 2022 and 2021.

## **Bronx Community Charter School**

### **Notes to Financial Statements June 30, 2022 and 2021**

#### **2. Summary of Significant Accounting Policies (*continued*)**

##### ***Refundable Advances***

The School records certain government operating revenue as refundable advances until related services are performed, at which time they are recognized as revenue. The School also records grants received prior to satisfaction of grant conditions as refundable advances.

##### ***Deferred Rent***

The School records its rent in accordance with U.S. GAAP guidance whereby all rental payments, including fixed rent increases, are recognized on a straight-line basis as an offset to rent expense. The difference between the straight-line rent expense and the required lease payments, as well as any unamortized lease incentives, is reflected in deferred rent in the accompanying statements of financial position.

##### ***Revenue and Support***

Revenue from the state and local governments resulting from the School's charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement. Federal and other state and local funds are recorded when expenditures are incurred and billable to the government agency.

Contributions are recognized when the donor makes a promise to give to the School that is, in substance, unconditional. Grants and other contributions of cash are reported as restricted support if they are received with donor stipulations. Restricted contributions and grants that are made to support the School's current year activities are recorded as revenue without donor restrictions. Contributions of assets other than cash are recorded at their estimated fair value at the date of donation.

##### ***Functional Expense Allocation***

The majority of expenses can generally be directly identified with the program or supporting service to which they relate and are charged accordingly. Other expenses by function have been allocated among program and supporting services classifications on the basis of periodic time and expense studies and other basis as determined by management of the School to be appropriate.

##### ***Accounting for Uncertainty in Income Taxes***

The School recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the School had no uncertain tax positions that would require financial statement recognition or disclosure. The School is no longer subject to examinations by the applicable taxing jurisdictions for years prior to June 30, 2019.

## Bronx Community Charter School

### Notes to Financial Statements June 30, 2022 and 2021

#### 2. Summary of Significant Accounting Policies *(continued)*

##### *Subsequent Events Evaluation by Management*

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 11, 2022.

#### 3. Conditional Promise To Give

During the year ended June 30, 2022, the School received a private grant totaling \$263,760 for a summer learning program. The grant contains donor conditions related to specific performance measurements. Since the grant represents a conditional promise to give, it is not recognized as contributions and grants revenue until donor conditions are met. Donor conditions were not met during the year ended June 30, 2022. At June 30, 2022, the School recorded an advance of \$115,654 on this grant as refundable advances in the statements of financial position.

#### 4. Grants and Contracts Receivable

Grants and contracts receivable consist of federal, state, city entitlements and grants. The School expects to collect these receivables within one year. Management has assessed the need for an allowance and has determined that such an allowance is not necessary.

#### 5. Property and Equipment

Property and equipment, net consists of the following at June 30:

	2022	2021
Computers and other equipment	\$ 555,979	\$ 500,442
Furniture and fixtures	239,219	229,363
Leasehold improvements	<u>2,322,679</u>	<u>1,941,518</u>
	3,117,877	2,671,323
Accumulated depreciation and amortization	<u>(1,662,794)</u>	<u>(1,418,683)</u>
	<u>\$ 1,455,083</u>	<u>\$ 1,252,640</u>

#### 6. Liquidity and Availability of Financial Assets

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use within one year of the statement of financial position date, are comprised of the following at June 30:

	2022	2021
Cash	\$ 4,620,768	\$ 5,256,028
Grants and contracts receivable	<u>417,232</u>	<u>435,838</u>
	<u>\$ 5,038,000</u>	<u>\$ 5,691,866</u>

## **Bronx Community Charter School**

### **Notes to Financial Statements June 30, 2022 and 2021**

#### **6. Liquidity and Availability of Financial Assets *(continued)***

As part of the School's liquidity management plan, the status of grants and contracts receivable is monitored regularly and any excess cash is held in money market accounts and other liquid instruments until it is required for operational use. The School will continue to rely on funding received from the New York Department of Education to cover its future operating costs (see Note 9).

#### **7. Employee Benefit Plan**

The School maintains a pension plan qualified under Internal Revenue Code 401(k) for the benefit of its eligible employees. Under the plan, the School will match employee contributions up to 4.5% of annual compensation. The amount charged for matching contributions and administrative fees to this plan was \$274,061 and \$258,174 for the years ended June 30, 2022 and 2021.

#### **8. Concentration of Credit Risk**

Financial instruments that potentially subject the School to concentrations of credit and market risk consist principally of cash and restricted cash on deposit with financial institutions, which from time to time may exceed the Federal Deposit Insurance Corporation ("FDIC") limit. The School does not believe that a significant risk of loss due to the failure of a financial institution presently exists. As of June 30, 2022 and 2021, approximately \$4,186,000 and \$4,821,000 of cash and restricted cash was maintained with institutions in excess of FDIC limits.

#### **9. Concentration of Revenue and Support**

The School receives a substantial portion of its revenue and support from the New York City Department of Education. For the years ended June 30, 2022 and 2021, the School received approximately 84% and 82% of its total revenue and support from the New York City Department of Education. If the charter school laws were modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected.

#### **10. Commitment**

On May 18, 2011, and as amended at various subsequent dates, the School entered into an agreement to lease and construct permanent office and classroom space at 3170 Webster Avenue, Bronx, New York for a period of 15 years expiring on June 30, 2028. The lease calls for three 5 year options for an additional fifteen years through June 30, 2043. The lease provides for rent escalations and the School is responsible for utilities, real estate taxes and other operating expenses.

On June 28, 2016, the School entered into an agreement with Bronx SC, LLC for additional classroom space at 3170 Webster Avenue, Bronx, New York for a period of 12 years expiring June 30, 2028. The lease calls for a 5 year option to extend the lease through June 30, 2033. The School moved into this space during the 2016-2017 school year.

## Bronx Community Charter School

### Notes to Financial Statements June 30, 2022 and 2021

#### 10. Commitment (continued)

The School recognizes rent expense on a straight-line basis over the term of the lease. Rent expense in excess of payments is recorded as deferred rent in the accompanying statements of financial position. Facility expense for the years ended June 30, 2022 and 2021 was \$1,095,450 and \$1,032,750.

The future minimum lease payments under the two leases is as follows for the years ending June 30:

2023	\$ 940,279
2024	1,019,839
2025	1,021,857
2026	1,023,920
2027	1,026,030
Thereafter	1,028,187
	<u>\$ 6,060,112</u>

#### 11. Union Agreement

On February 1, 2014, the School entered into a Collective Bargaining Agreement ("CBA") with the United Federation of Teachers ("UFT") that expired on June 30, 2015. Under the CBA, the School is required to follow a Due Process for teacher discipline, terminations, and suspension. As specified in the CBA and among others, the School shall maintain a student-teacher ratio, follow a salary step schedule based on years of experience, provide employment benefits and paid leaves. The School is not obligated to contribute into the Teachers Retirement System. The CBA was extended for several four-year terms expiring June 30, 2023.

#### 12. Paycheck Protection Program Loan Payable

On June 22, 2020, the School qualified for and received a loan pursuant to the Paycheck Protection Program ("PPP"), a program implemented by the U.S. Small Business Administration ("SBA") under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), from a qualified PPP lender, for an aggregate principal amount of \$1,504,900 (the "PPP Loan"). The PPP Loan bore interest at a fixed rate of 1.0% per annum, with the first six months of interest deferred, had a term of five years, and was unsecured and guaranteed by the SBA. The principal amount of the PPP Loan was subject to forgiveness under the PPP upon the School's request to the extent that the PPP Loan proceeds were used to pay expenses permitted by the PPP, including payroll costs, covered rent and mortgage obligations, and covered utility payments incurred by the School. The School applied for full forgiveness of the PPP Loan with respect to these covered expenses.

On March 17, 2021, the PPP Loan was forgiven in full by the SBA. The loan forgiveness of \$1,504,900 is included on the accompanying statements of activities under gain on forgiveness of Paycheck Protection Program loan.

## **Bronx Community Charter School**

### **Notes to Financial Statements June 30, 2022 and 2021**

#### **13. Contingency**

Certain grants and contracts may be subject to audit by the funding sources. Such audits might result in disallowances of costs submitted for reimbursement. Management is of the opinion that such cost disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

#### **14. Risks and Uncertainties**

The School's operations and financial performance may be affected by the recent COVID-19 outbreak which has spread globally and is expected to adversely affect economic conditions throughout the world. If the outbreak continues and conditions worsen, the School may experience a disruption in operations as well as a decline in revenue activities. Economic uncertainty is related to the potential reduction and/or delays in state and local per pupil operating revenue, shortfalls and variations in enrollment, and operational and other changes that could increase expenses. The outbreak may adversely affect the School's activities, financial condition, results of operations, and cash flows. Management is closely monitoring the impact of COVID-19 and believes the School is taking appropriate actions to mitigate the negative impact. However, management is unable to estimate the financial impact, if any, related to this matter.

### **Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2022**

#### **1. Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Bronx Community Charter School (the "School"), under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the School, it is not intended to and does not present the financial position, changes in net assets or cash flows of the School.

#### **2. Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### **3. Indirect Cost Rate**

The School has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Report on Internal Control Over Financial Reporting and on Compliance and Other  
Matters Based on an Audit of Financial Statements Performed in Accordance With  
Government Auditing Standards**

**Independent Auditors' Report**

**Board of Trustees  
Bronx Community Charter School**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bronx Community Charter School (the "School") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 11, 2022.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified. We identified a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a significant deficiency.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **The School's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the School's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. The School's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Bronx Community Charter School (the "School") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2022. The School's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School's federal programs.

***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### Report on Internal Control Over Compliance

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Schedule of Findings and Questioned Costs (continued) Year Ended June 30, 2022**

#### **Section II – Financial Statement Findings**

##### **2022-001- Competitive Bidding**

###### ***Criteria***

The School's Financial Policies and Procedures Manual ("FPP") requires three price quotes for purchases and/or contracts greater than \$25,000.

###### ***Condition***

During our test of three procurement transactions over \$25,000, we noted that the School did not perform sufficient competitive bidding procedures on the selections.

###### ***Cause***

This condition was caused by management's ineffective monitoring and review of the competitive bidding procedures in its FPP.

###### ***Effect***

The School is not in compliance with its FPP with regard to procurement procedures.

###### ***Recommendation***

The School should strictly comply with the FPP and retain required documentation of at least three quotes when competitive bidding is required. We recommend that management periodically review transactions that require competitive bidding. We also recommend that management consider increasing the threshold for bidding.

###### ***Views of Responsible Officials***

See management corrective action plan in Appendix A.

#### **Section III – Federal Award Findings and Questioned Costs**

During our audit, we noted no material instance of noncompliance and none of the costs tested which were reported in the federal financially assisted programs are questioned or recommended to be disallowed.

#### **Section IV – Prior Year Findings**

There were no findings in the prior year.

## **Independent Auditors' Report on Communication of Internal Control Matters**

**June 30, 2022**

**Board of Trustees  
Bronx Community Charter School**

In planning and performing our audit of the financial statements of Bronx Community Charter School (the "School") as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the School's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the School's internal control presented in Addendum A to be a significant deficiency.

We have other observations and recommendations that are opportunities for strengthening internal control and/or operating efficiency, presented in Addendum B to this letter.

This communication is intended solely for the information and use of the management, the Board of Trustees, federal, state and local awarding agencies, New York City Department of Education, The State Education Department of the State University of New York, and others within the School and is not intended to be used by anyone other than these specified parties.

We would like to take this opportunity to acknowledge the courtesy and assistance extended to us by the personnel of the School during the course of our audit.

## **Addendum A**

### **Deficiencies in Internal Control that We Consider to be Significant Deficiencies**

#### **1. Competitive Bidding**

During our audit we noted that the School did not perform competitive bidding procedures as outlined in the School's Financial Policies and Procedures Manual ("FPP"). The FPP requires three price quotes for purchases and/or contracts greater than \$25,000. During our selection of three procurement transactions over \$25,000, we noted that the School did not perform competitive bidding procedures on the selections.

The School should strictly comply with the FPP and retain required documentation of at least three quotes when competitive bidding is required. We recommend that management periodically reviews transactions that require competitive bidding. We also recommend that management considers increasing the threshold for bidding.

## **Addendum B**

### **Other Observations and Recommendations for Strengthening Internal Control and/or Operating Efficiency**

#### **2. Corporate Credit Card**

During our review of the School's corporate credit card transactions, we noted that a substantial portion of charges did not have receipts, were missing approvals, and instances where sales tax was paid to vendors.

To increase controls, we recommend that the School implements a formal credit card policy. We recommend that all charges above a dollar threshold determined by management are supported by a receipt, reviewed and approved prior to purchase to verify that items purchased are allowable.

#### **3. Maintenance of Student Files**

During our test of 10 student files, we noted four students files did not contain the home language identification form.

In an effort to ensure that student records are complete, we recommend that the school's checklist be utilized periodically to ensure that information is complete and updated for each student file. Management should follow up to obtain missing information for student files. All current and new student files should be annually reviewed by the School to ensure that adequate follow-up with the student's parents or guardian can be made to obtain missing student records.

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the accompanying financial statements of Bronx Community Charter School (a nonprofit organization), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bronx Community Charter School as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bronx Community Charter School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronx Community Charter School's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bronx Community Charter School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronx Community Charter School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Report on Supplementary Information***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 11, 2022, on our consideration of Bronx Community Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Bronx Community Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bronx Community Charter School's internal control over financial reporting and compliance.

## **Bronx Community Charter School**

### **Notes to Financial Statements June 30, 2022 and 2021**

#### **1. Organization and Tax Status**

Bronx Community Charter School (the "School") is a New York State, not-for-profit educational corporation that was incorporated on January 15, 2008 to operate a charter school pursuant to Article 56 of the Education Law of the State of New York. The School was granted a provisional charter on January 15, 2008 valid for a term of five years and renewable upon expiration by the Board of Regents of the University of the State of New York (the "Board of Regents"). During the year ended June 30, 2020, the Board of Regents extended the School's charter for an additional five-year term expiring on June 30, 2025. The School is a small learning community founded on the principle that children learn best when they are active participants in their own learning. The students raise questions about the world around them, engage with a wide range of materials, and learn through their interactions with each other and all of the adults in the School community. Classes commenced in the Bronx, New York, in August 2008 and the School provided education to approximately 471 students in kindergarten through eighth grade in the 2021-2022 academic year.

The New York City Department of Education provides free lunches directly to the School's students. Such costs are not included in these financial statements. The Office of Pupil Transportation provides free transportation to the majority of the students during the district's school days.

Except for taxes that may be due for unrelated business income, the School is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from state and local income taxes under comparable laws.

#### **2. Summary of Significant Accounting Policies**

##### ***Basis of Presentation and Use of Estimates***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

##### ***Net Asset Presentation***

Resources for various purposes are classified for accounting and reporting purposes into net asset categories established according to nature and purpose as follows:

*Net assets without donor restrictions* - consist of resources available for the general support of the School's operations. Net assets without donor restrictions may be used at the discretion of the School's management and/or the Board of Trustees.

## Bronx Community Charter School

### Notes to Financial Statements June 30, 2022 and 2021

#### 2. Summary of Significant Accounting Policies *(continued)*

##### ***Net Asset Presentation (continued)***

Net assets with donor restrictions – represents amounts restricted by donors for specific activities of the School or to be used at a future date. The School records contributions as net assets with donor restrictions if they are received with donor stipulations that limit their use either through purpose or time restrictions. When a donor restriction expires, that is, when a time restriction ends or a purpose restriction is fulfilled, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. The School had no net assets with donor restrictions as of June 30, 2022 and 2021.

##### ***Restricted Cash***

Under the provisions of its charter, the School established an escrow account to pay for legal and audit expenses that would be associated with a dissolution, should it occur.

The following table provides a reconciliation of cash and restricted cash reported within the statements of financial position to the amounts presented in the statements of cash flows as of June 30:

	<u>2022</u>	<u>2021</u>
Cash	\$ 4,620,768	\$ 5,256,028
Restricted cash	<u>75,455</u>	<u>75,440</u>
	<u>\$ 4,696,223</u>	<u>\$ 5,331,468</u>

##### ***Property and Equipment***

The School follows the practice of capitalizing all expenditures for property and equipment with costs in excess of \$1,000 and a useful life in excess of one year. Leasehold improvements are amortized over the shorter of the term of the lease, inclusive of all renewal periods, which are reasonably assured, or the estimated useful life of the asset. Purchased property and equipment are recorded at cost at the date of acquisition. Costs of maintenance and repairs are expensed as incurred. All property and equipment purchased with government funding is capitalized, unless the government agency retains legal title to such assets, in which case it is expensed as incurred.

Depreciation and amortization is recognized on the straight-line method over the estimated useful lives of such assets as follows:

Computers and other equipment	3 years
Furniture and fixtures	7 years

Property and equipment are reviewed for impairment if the use of the asset significantly changes or another indicator of possible impairment is identified. If the carrying amount for the asset is not recoverable, the asset is written down to its fair value. There were no asset impairments for the years ended June 30, 2022 and 2021.

## **Bronx Community Charter School**

### **Notes to Financial Statements June 30, 2022 and 2021**

#### **2. Summary of Significant Accounting Policies (*continued*)**

##### ***Refundable Advances***

The School records certain government operating revenue as refundable advances until related services are performed, at which time they are recognized as revenue. The School also records grants received prior to satisfaction of grant conditions as refundable advances.

##### ***Deferred Rent***

The School records its rent in accordance with U.S. GAAP guidance whereby all rental payments, including fixed rent increases, are recognized on a straight-line basis as an offset to rent expense. The difference between the straight-line rent expense and the required lease payments, as well as any unamortized lease incentives, is reflected in deferred rent in the accompanying statements of financial position.

##### ***Revenue and Support***

Revenue from the state and local governments resulting from the School's charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement. Federal and other state and local funds are recorded when expenditures are incurred and billable to the government agency.

Contributions are recognized when the donor makes a promise to give to the School that is, in substance, unconditional. Grants and other contributions of cash are reported as restricted support if they are received with donor stipulations. Restricted contributions and grants that are made to support the School's current year activities are recorded as revenue without donor restrictions. Contributions of assets other than cash are recorded at their estimated fair value at the date of donation.

##### ***Functional Expense Allocation***

The majority of expenses can generally be directly identified with the program or supporting service to which they relate and are charged accordingly. Other expenses by function have been allocated among program and supporting services classifications on the basis of periodic time and expense studies and other basis as determined by management of the School to be appropriate.

##### ***Accounting for Uncertainty in Income Taxes***

The School recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the School had no uncertain tax positions that would require financial statement recognition or disclosure. The School is no longer subject to examinations by the applicable taxing jurisdictions for years prior to June 30, 2019.

### Notes to Financial Statements June 30, 2022 and 2021

#### 2. Summary of Significant Accounting Policies *(continued)*

##### ***Subsequent Events Evaluation by Management***

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 11, 2022.

#### 3. Conditional Promise To Give

During the year ended June 30, 2022, the School received a private grant totaling \$263,760 for a summer learning program. The grant contains donor conditions related to specific performance measurements. Since the grant represents a conditional promise to give, it is not recognized as contributions and grants revenue until donor conditions are met. Donor conditions were not met during the year ended June 30, 2022. At June 30, 2022, the School recorded an advance of \$115,654 on this grant as refundable advances in the statements of financial position.

#### 4. Grants and Contracts Receivable

Grants and contracts receivable consist of federal, state, city entitlements and grants. The School expects to collect these receivables within one year. Management has assessed the need for an allowance and has determined that such an allowance is not necessary.

#### 5. Property and Equipment

Property and equipment, net consists of the following at June 30:

	2022	2021
Computers and other equipment	\$ 555,979	\$ 500,442
Furniture and fixtures	239,219	229,363
Leasehold improvements	<u>2,322,679</u>	<u>1,941,518</u>
	3,117,877	2,671,323
Accumulated depreciation and amortization	<u>(1,662,794)</u>	<u>(1,418,683)</u>
	<u>\$ 1,455,083</u>	<u>\$ 1,252,640</u>

#### 6. Liquidity and Availability of Financial Assets

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use within one year of the statement of financial position date, are comprised of the following at June 30:

	2022	2021
Cash	\$ 4,620,768	\$ 5,256,028
Grants and contracts receivable	<u>417,232</u>	<u>435,838</u>
	<u>\$ 5,038,000</u>	<u>\$ 5,691,866</u>

## **Bronx Community Charter School**

### **Notes to Financial Statements June 30, 2022 and 2021**

#### **6. Liquidity and Availability of Financial Assets (*continued*)**

As part of the School's liquidity management plan, the status of grants and contracts receivable is monitored regularly and any excess cash is held in money market accounts and other liquid instruments until it is required for operational use. The School will continue to rely on funding received from the New York Department of Education to cover its future operating costs (see Note 9).

#### **7. Employee Benefit Plan**

The School maintains a pension plan qualified under Internal Revenue Code 401(k) for the benefit of its eligible employees. Under the plan, the School will match employee contributions up to 4.5% of annual compensation. The amount charged for matching contributions and administrative fees to this plan was \$274,061 and \$258,174 for the years ended June 30, 2022 and 2021.

#### **8. Concentration of Credit Risk**

Financial instruments that potentially subject the School to concentrations of credit and market risk consist principally of cash and restricted cash on deposit with financial institutions, which from time to time may exceed the Federal Deposit Insurance Corporation ("FDIC") limit. The School does not believe that a significant risk of loss due to the failure of a financial institution presently exists. As of June 30, 2022 and 2021, approximately \$4,186,000 and \$4,821,000 of cash and restricted cash was maintained with institutions in excess of FDIC limits.

#### **9. Concentration of Revenue and Support**

The School receives a substantial portion of its revenue and support from the New York City Department of Education. For the years ended June 30, 2022 and 2021, the School received approximately 84% and 82% of its total revenue and support from the New York City Department of Education. If the charter school laws were modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected.

#### **10. Commitment**

On May 18, 2011, and as amended at various subsequent dates, the School entered into an agreement to lease and construct permanent office and classroom space at 3170 Webster Avenue, Bronx, New York for a period of 15 years expiring on June 30, 2028. The lease calls for three 5 year options for an additional fifteen years through June 30, 2043. The lease provides for rent escalations and the School is responsible for utilities, real estate taxes and other operating expenses.

On June 28, 2016, the School entered into an agreement with Bronx SC, LLC for additional classroom space at 3170 Webster Avenue, Bronx, New York for a period of 12 years expiring June 30, 2028. The lease calls for a 5 year option to extend the lease through June 30, 2033. The School moved into this space during the 2016-2017 school year.

## Bronx Community Charter School

### Notes to Financial Statements June 30, 2022 and 2021

#### 10. Commitment (continued)

The School recognizes rent expense on a straight-line basis over the term of the lease. Rent expense in excess of payments is recorded as deferred rent in the accompanying statements of financial position. Facility expense for the years ended June 30, 2022 and 2021 was \$1,095,450 and \$1,032,750.

The future minimum lease payments under the two leases is as follows for the years ending June 30:

2023	\$ 940,279
2024	1,019,839
2025	1,021,857
2026	1,023,920
2027	1,026,030
Thereafter	1,028,187
	<u>\$ 6,060,112</u>

#### 11. Union Agreement

On February 1, 2014, the School entered into a Collective Bargaining Agreement ("CBA") with the United Federation of Teachers ("UFT") that expired on June 30, 2015. Under the CBA, the School is required to follow a Due Process for teacher discipline, terminations, and suspension. As specified in the CBA and among others, the School shall maintain a student-teacher ratio, follow a salary step schedule based on years of experience, provide employment benefits and paid leaves. The School is not obligated to contribute into the Teachers Retirement System. The CBA was extended for several four-year terms expiring June 30, 2023.

#### 12. Paycheck Protection Program Loan Payable

On June 22, 2020, the School qualified for and received a loan pursuant to the Paycheck Protection Program ("PPP"), a program implemented by the U.S. Small Business Administration ("SBA") under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), from a qualified PPP lender, for an aggregate principal amount of \$1,504,900 (the "PPP Loan"). The PPP Loan bore interest at a fixed rate of 1.0% per annum, with the first six months of interest deferred, had a term of five years, and was unsecured and guaranteed by the SBA. The principal amount of the PPP Loan was subject to forgiveness under the PPP upon the School's request to the extent that the PPP Loan proceeds were used to pay expenses permitted by the PPP, including payroll costs, covered rent and mortgage obligations, and covered utility payments incurred by the School. The School applied for full forgiveness of the PPP Loan with respect to these covered expenses.

On March 17, 2021, the PPP Loan was forgiven in full by the SBA. The loan forgiveness of \$1,504,900 is included on the accompanying statements of activities under gain on forgiveness of Paycheck Protection Program loan.

## **Bronx Community Charter School**

### **Notes to Financial Statements June 30, 2022 and 2021**

#### **13. Contingency**

Certain grants and contracts may be subject to audit by the funding sources. Such audits might result in disallowances of costs submitted for reimbursement. Management is of the opinion that such cost disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

#### **14. Risks and Uncertainties**

The School's operations and financial performance may be affected by the recent COVID-19 outbreak which has spread globally and is expected to adversely affect economic conditions throughout the world. If the outbreak continues and conditions worsen, the School may experience a disruption in operations as well as a decline in revenue activities. Economic uncertainty is related to the potential reduction and/or delays in state and local per pupil operating revenue, shortfalls and variations in enrollment, and operational and other changes that could increase expenses. The outbreak may adversely affect the School's activities, financial condition, results of operations, and cash flows. Management is closely monitoring the impact of COVID-19 and believes the School is taking appropriate actions to mitigate the negative impact. However, management is unable to estimate the financial impact, if any, related to this matter.

## **Bronx Community Charter School**

### **Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2022**

#### **1. Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Bronx Community Charter School (the "School"), under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the School, it is not intended to and does not present the financial position, changes in net assets or cash flows of the School.

#### **2. Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### **3. Indirect Cost Rate**

The School has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Report on Internal Control Over Financial Reporting and on Compliance and Other  
Matters Based on an Audit of Financial Statements Performed in Accordance With  
Government Auditing Standards**

**Independent Auditors' Report**

**Board of Trustees  
Bronx Community Charter School**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bronx Community Charter School (the "School") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 11, 2022.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified. We identified a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be a significant deficiency.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**The School's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the School's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. The School's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major Federal Program and Report on Internal Control  
Over Compliance Required by the Uniform Guidance**

**Independent Auditors' Report**

**Board of Trustees  
Bronx Community Charter School**

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Bronx Community Charter School (the "School") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2022. The School's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

PKF O'CONNOR DAVIES, LLP  
500 Mamaroneck Avenue, Harrison, NY 10528 | Tel: 914.381.8900 | Fax: 914.381.8910 | [www.pkfod.com](http://www.pkfod.com)

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School's federal programs.

***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Schedule of Findings and Questioned Costs (continued) Year Ended June 30, 2022**

#### **Section II – Financial Statement Findings**

##### **2022-001- Competitive Bidding**

###### ***Criteria***

The School's Financial Policies and Procedures Manual ("FPP") requires three price quotes for purchases and/or contracts greater than \$25,000.

###### ***Condition***

During our test of three procurement transactions over \$25,000, we noted that the School did not perform sufficient competitive bidding procedures on the selections.

###### ***Cause***

This condition was caused by management's ineffective monitoring and review of the competitive bidding procedures in its FPP.

###### ***Effect***

The School is not in compliance with its FPP with regard to procurement procedures.

###### ***Recommendation***

The School should strictly comply with the FPP and retain required documentation of at least three quotes when competitive bidding is required. We recommend that management periodically review transactions that require competitive bidding. We also recommend that management consider increasing the threshold for bidding.

###### ***Views of Responsible Officials***

See management corrective action plan in Appendix A.

#### **Section III – Federal Award Findings and Questioned Costs**

During our audit, we noted no material instance of noncompliance and none of the costs tested which were reported in the federal financially assisted programs are questioned or recommended to be disallowed.

#### **Section IV – Prior Year Findings**

There were no findings in the prior year.

## **Independent Auditors' Report on Communication of Internal Control Matters**

**June 30, 2022**

**Board of Trustees  
Bronx Community Charter School**

In planning and performing our audit of the financial statements of Bronx Community Charter School (the "School") as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the School's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the School's internal control presented in Addendum A to be a significant deficiency.

We have other observations and recommendations that are opportunities for strengthening internal control and/or operating efficiency, presented in Addendum B to this letter.

This communication is intended solely for the information and use of the management, the Board of Trustees, federal, state and local awarding agencies, New York City Department of Education, The State Education Department of the State University of New York, and others within the School and is not intended to be used by anyone other than these specified parties.

We would like to take this opportunity to acknowledge the courtesy and assistance extended to us by the personnel of the School during the course of our audit.

## **Addendum A**

### **Deficiencies in Internal Control that We Consider to be Significant Deficiencies**

#### **1. Competitive Bidding**

During our audit we noted that the School did not perform competitive bidding procedures as outlined in the School's Financial Policies and Procedures Manual ("FPP"). The FPP requires three price quotes for purchases and/or contracts greater than \$25,000. During our selection of three procurement transactions over \$25,000, we noted that the School did not perform competitive bidding procedures on the selections.

The School should strictly comply with the FPP and retain required documentation of at least three quotes when competitive bidding is required. We recommend that management periodically reviews transactions that require competitive bidding. We also recommend that management considers increasing the threshold for bidding.

## **Addendum B**

### **Other Observations and Recommendations for Strengthening Internal Control and/or Operating Efficiency**

#### **2. Corporate Credit Card**

During our review of the School's corporate credit card transactions, we noted that a substantial portion of charges did not have receipts, were missing approvals, and instances where sales tax was paid to vendors.

To increase controls, we recommend that the School implements a formal credit card policy. We recommend that all charges above a dollar threshold determined by management are supported by a receipt, reviewed and approved prior to purchase to verify that items purchased are allowable.

#### **3. Maintenance of Student Files**

During our test of 10 student files, we noted four students files did not contain the home language identification form.

In an effort to ensure that student records are complete, we recommend that the school's checklist be utilized periodically to ensure that information is complete and updated for each student file. Management should follow up to obtain missing information for student files. All current and new student files should be annually reviewed by the School to ensure that adequate follow-up with the student's parents or guardian can be made to obtain missing student records.
