

Bronx Community Charter School

Board Meeting

December 11, 2014

Attendance: Ariel Behr, Beverly Falk, Roo Rogers, Daniel Osorio, Gil Schmerler, Stephanie Woo, Cynthia Rogers, Martha Andrews, Sasha Wilson

Minutes: The minutes from November 13th were approved.

Updates (see attached): BxC is currently applying to renew the school's charter and expand to include 6th through 8th grade. Current 5th grade families are hoping their students can stay. However, they are still going through the process of applying to other middle schools. The renewal application is being submitted on December 12th. This will give time for the Department of Education visit and public hearing.

Facility: There will be a need for more classroom spaces once there is a 7th and 8th grade. There is space on the lower level of the building that is not being used. It is potentially a good space for specials (music, art, etc.) and other uses. This would not be needed until 2016-17.

Renewal: The DoE will probably want to attend a Board meeting. Martha will be in touch with DoE representatives to schedule this.

Next board meeting: January 20, 2015 at 5 pm.

Respectfully submitted: Cynthia Rogers
